

Adams Brown Mobility Management

Adams Brown Mobility Management Newsletter

June 06, 2023

Introducing the new Adams Brown Mobility Team:

Hello everyone, my name is Ryan N. Craig, and I am the new Adams Brown Mobility Manager. I have worked for ABCAP since 2019, and some of you may know me from my tenure in the Summer Rural Delivery Program. My job is to help connect you to transportation solutions and work to develop additional projects to help keep our communities mobile.

I grew up in Hamersville, OH, and still live there to this day. I graduated from Western Brown Local Schools in 2019 and the Ohio State University in 2023 with a degree in Public Management, Leadership, and Policy. I have a very strong connection to our local community, and you'll probably see me at the fair or other local events soon.

Hello, my name is Madison Plum. I am the Call Center Specialist for Adams Brown Mobility Management. During the week, you can find me answering calls and questions about what we do here at Adams Brown Mobility and raising awareness of the transportation needs in our community. I believe in creating a positive experience and helping those in need is one way that I can help make our community a better place to live.

I was born and raised in Brown County and plan to raise my own family here. I have a true love for our community. Outside of work, I enjoy baking, crafting, and spending time with my fiancé and our daughter.

The Ohio Mobility Management Program increases access to mobility for Ohioans by increasing understanding and awareness of transportation needs, coordination of transportation options to meet needs, and building sustainable and healthy communities by integrating transportation into planning and programs.
